

You will need-

- long grain white rice
- vinegar
- food colouring
- food storage container with lid

INGREDIENTS FOR EACH COLOUR OF RICE:

- 1 cup of rice
- 1/2 tsp vinegar
- several drops of liquid food colouring

How to Dye Rice

1. **Add Food Colouring**

Pour a cup of rice into a plastic container. Then add several drops of food colouring and mix through the rice with a spoon.

2. **Add Vinegar**

Drizzle 1/2 tsp of vinegar over the rice.

3. **Shake**

Pop the lid on your container, and shake the heck out of it. Remove lid, and be amazed!

DRYING YOUR COLOURED RICE

Spread each batch of coloured rice out on a plate or a baking sheet.

Place your rice in the sun or by the fire to dry quickly, or leave in a safe spot for a few days to dry out.
